

Tanmay Gautam

Garhshankar, District Hoshiarpur, Punjab, India

SUMMARY

My long-term goal is to become a successful entrepreneur and start my own business using my own savings. Before starting my business, I want to work in a private company after completing my graduation. This will help me gain practical experience, understand how businesses operate, develop professional skills, and save money to invest in my own business in the future.

EDUCATION

CBSE Board

Certificate in Graphic Designing — Duration: 45 Days; Period: 2 June 2026 – 16 July 2026; Institute: Skillup Institute, Garhshankar (District Hoshiarpur)

INTERESTS

I have a strong interest in automobiles, especially cars, and enjoy learning about new models and automotive technology. I also like travelling and exploring new places, which helps me experience different cultures and environments. In addition, I am interested in fashion and enjoy learning about different clothing brands and changing fashion trends.

HOBBIES

In my free time, I enjoy listening to business and self-improvement podcasts, especially those by Raj Shamani. These podcasts help me learn about entrepreneurship, personal growth, business strategies, and real-life experiences shared by successful people.

STRENGTHS

- Self-motivated and hardworking - Quick learner with a positive attitude - Interested in gaining practical knowledge - Creative and eager to improve my skills - Focused on achieving long-term career goals - Passionate about entrepreneurship and continuous learning

CERTIFICATIONS DETAILS

Certificate in Computer Applications: During this course, I learned the basics of computer applications and improved my digital skills, which are useful in both professional work and business.

Certificate in Graphic Designing: This course helped me develop creative thinking and practical graphic design skills. I learned to create social media posts, posters, visiting cards, logos, and other digital designs using modern design tools.
